

Walk2Hear Video!!

Last year, the Canadian Hard of Hearing Association worked hard to create a promotional video so we can promote the annual walkathon to our sponsors, partners, members and donors. We worked in association with Moxie Media to showcase the dedicated efforts of volunteers, staff, partners and community members.

“Our goal is to expand and have the Walk2Hear walkathon in more cities across Canada,” said the National Executive Director, Robert Corbeil. This year, Walk2Hear will be taking place in four cities: Ottawa, Hamilton, St. John’s, and Vancouver. “It will be very exciting to see the event take place in more cities across Canada than ever before,” added Robert.

Both versions of the video can be seen at the following links:
